

# RENEWABLE ENERGY CERTIFICATE

Certificate No. 2021-0096-01

We hereby confirm  
Paul & Co GmbH & Co. KG  
Sudetenstr. 10 in 97772 Wildflecken

the purchase of 100% green electricity from renewable energy plants with statutory environmental standards.

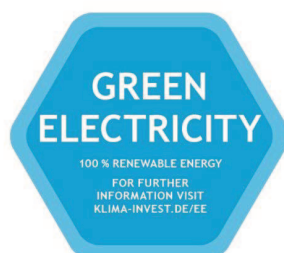

The guarantees of origin are issued towards renewable energy plants which comply with statutory environmental standards whilst being connected to the European grid. Furthermore, they fulfill the criteria for KlimalInvest ÖKOSTROM by KlimalInvest Green Concepts GmbH.

**For the determined electricity consumption, Paul & Co GmbH & Co. KG achieves climate neutrality through the use of green electricity and the offset of upstream emissions which arise, inter alia, during the construction of the plants. In the period from 01 January, 2021 until 31 December, 2021 an amount of up to 6,971,000 kWh of electricity is neutralized by 100% ecological and climate-neutral electricity from renewable energy.**

**Compared to an electricity generation through energy sources constituting the German energy mix at the time of issuing this certificate, up to 2,473 tons of CO<sub>2</sub> emissions will be saved through purchasing and using renewable energy. This amount also includes the offset of upstream emissions.**

The cancellation in accordance with § 30 Guarantees of Origin Implementing Ordinance (HkRNDV) is carried out and confirmed by the registry of the German Environment Agency.

# RENEWABLE ENERGY CERTIFICATE

Certificate No. 2021-0102-01

We hereby confirm  
Kunert Peiting GmbH & Co. KG  
Papierverarbeitungswerk  
Schönriedlstraße 15 in 86971 Peiting

the purchase of 100% green electricity from renewable energy plants with statutory environmental standards.

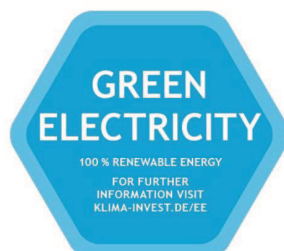

The guarantees of origin are issued towards renewable energy plants which comply with statutory environmental standards whilst being connected to the European grid. Furthermore, they fulfill the criteria for KlimalInvest ÖKOSTROM by KlimalInvest Green Concepts GmbH.

**For the determined electricity consumption, Kunert Peiting GmbH & Co. KG Papierverarbeitungswerk achieves climate neutrality through the use of green electricity and the offset of upstream emissions which arise, inter alia, during the construction of the plants. In the period from 01 January, 2021 until 31 December, 2021 an amount of up to 1,580,000 kWh of electricity is neutralized by 100% ecological and climate-neutral electricity from renewable energy.**

**Compared to an electricity generation through energy sources constituting the German energy mix at the time of issuing this certificate, up to 560 tons of CO<sub>2</sub> emissions will be saved through purchasing and using renewable energy. This amount also includes the offset of upstream emissions.**

The cancellation in accordance with § 30 Guarantees of Origin Implementing Ordinance (HkRNDV) is carried out and confirmed by the registry of the German Environment Agency.

# RENEWABLE ENERGY CERTIFICATE

Certificate No. 2021-0099-01

We hereby confirm  
Kunert Soest GmbH & Co. KG  
Papierverarbeitungswerk  
Overweg 16 in 59494 Soest

the purchase of 100% green electricity from renewable energy plants with statutory environmental standards.

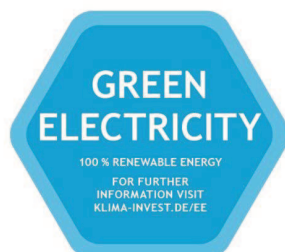

The guarantees of origin are issued towards renewable energy plants which comply with statutory environmental standards whilst being connected to the European grid. Furthermore, they fulfill the criteria for KlimalInvest ÖKOSTROM by KlimalInvest Green Concepts GmbH.

**For the determined electricity consumption, Kunert Soest GmbH & Co. KG Papierverarbeitungswerk achieves climate neutrality through the use of green electricity and the offset of upstream emissions which arise, inter alia, during the construction of the plants. In the period from 01 January, 2021 until 31 December, 2021 an amount of up to 2,277,000 kWh of electricity is neutralized by 100% ecological and climate-neutral electricity from renewable energy.**

**Compared to an electricity generation through energy sources constituting the German energy mix at the time of issuing this certificate, up to 808 tons of CO<sub>2</sub> emissions will be saved through purchasing and using renewable energy. This amount also includes the offset of upstream emissions.**

The cancellation in accordance with § 30 Guarantees of Origin Implementing Ordinance (HkRNDV) is carried out and confirmed by the registry of the German Environment Agency.

# RENEWABLE ENERGY CERTIFICATE

Certificate No. 2021-0103-01

We hereby confirm  
Kunert Wedderstedt GmbH & Co. KG  
Papierverarbeitungswerk  
Quedlinburger Straße 1  
in 06458 Wedderstedt

the purchase of 100% green electricity from renewable energy plants with statutory environmental standards.

The guarantees of origin are issued towards renewable energy plants which comply with statutory environmental standards whilst being connected to the European grid. Furthermore, they fulfill the criteria for KlimalInvest ÖKOSTROM by KlimalInvest Green Concepts GmbH.

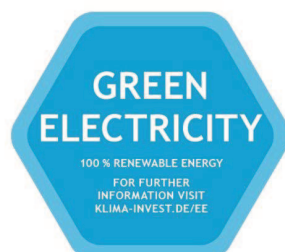

**For the determined electricity consumption, Kunert Wedderstedt GmbH & Co. KG Papierverarbeitungswerk achieves climate neutrality through the use of green electricity and the offset of upstream emissions which arise, inter alia, during the construction of the plants. In the period from 01 January, 2021 until 31 December, 2021 an amount of up to 1,296,000 kWh of electricity is neutralized by 100% ecological and climate-neutral electricity from renewable energy.**

**Compared to an electricity generation through energy sources constituting the German energy mix at the time of issuing this certificate, up to 460 tons of CO<sub>2</sub> emissions will be saved through purchasing and using renewable energy. This amount also includes the offset of upstream emissions.**

The cancellation in accordance with § 30 Guarantees of Origin Implementing Ordinance (HkRNDV) is carried out and confirmed by the registry of the German Environment Agency.

# RENEWABLE ENERGY CERTIFICATE

Certificate No. 2021-0098-01

We hereby confirm  
A. Graupner GmbH Papierverarbeitung  
Hauptstraße 110 c  
in 08352 Raschau-Markersbach

the purchase of 100% green electricity from renewable energy plants with statutory environmental standards.

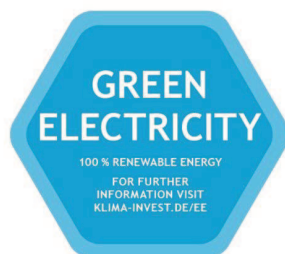

The guarantees of origin are issued towards renewable energy plants which comply with statutory environmental standards whilst being connected to the European grid. Furthermore, they fulfill the criteria for KlimalInvest ÖKOSTROM by KlimalInvest Green Concepts GmbH.

**For the determined electricity consumption, A. Graupner GmbH Papierverarbeitung achieves climate neutrality through the use of green electricity and the offset of upstream emissions which arise, inter alia, during the construction of the plants. In the period from 01 January, 2021 until 31 December, 2021 an amount of up to 784,000 kWh of electricity is neutralized by 100% ecological and climate-neutral electricity from renewable energy.**

**Compared to an electricity generation through energy sources constituting the German energy mix at the time of issuing this certificate, up to 278 tons of CO<sub>2</sub> emissions will be saved through purchasing and using renewable energy. This amount also includes the offset of upstream emissions.**

The cancellation in accordance with § 30 Guarantees of Origin Implementing Ordinance (HkRNDV) is carried out and confirmed by the registry of the German Environment Agency.
